You make me shine more than this promise ring  
You give me smiles that you can never break,  
And somehow you give me false fantasy  
That you're the one for me!

Baby I know that he's a lot better for loving  
And you're a lot better for lust,  
So much better for lust,  
For lust so stop, come!

And I just don't know what you do with myself,  
A part of me know that I should leave you alone, alone  
Got all ....

Chorus:

Mr. Right Now, I wish we can make this forever,  
Tomorrow can be our never  
But I'm happy with you today, I wish you could stay!  
But you're Mr. Right Now I can get you up in your  
feelings  
Cause you're just simple ...healing  
Since your heart I never take, I just for the day  
Mr. Right Now, Mr. Right Now, yeah!

I wanna run, but still I'm in your arms,  
You like the sweetest thing I never known  
I can see us in a house with everything I want,  
But never at home!  
Tell me it ... and I'll be fooling, believing  
I'm sensitive to your touch,  
Giving in I won't budge,  
You're such a rush!

And I just don't know what you do with myself,  
A part of me know that I should leave you alone, alone  
Got all ....

Chorus:

Mr. Right Now, I wish we can make this forever,  
Tomorrow can be our never  
But I'm happy with you today, I wish you could stay!  
But you're Mr. Right Now I can get you up in your

feelings  
Cause you're just simple ...healing  
Since your heart I never take, I just for the day  
Mr. Right Now, Mr. Right Now, yeah!

I've waited my whole life for this moment in Paradise,  
But it's only a moment and nothing more!  
Oh, baby in another life, I'll spend it all looking in your  
eyes  
With your ... all the things that I missed that I won't let  
go!

Chorus:  
Mr. Right Now, I wish we can make this forever,  
Tomorrow can be our never  
But I'm happy with you today, I wish you could stay!  
But you're Mr. Right Now I can get you up in your  
feelings  
Cause you're just simple ...healing  
Since your heart I never take, I just for the day  
Mr. Right Now, Mr. Right Now, yeah!
