"The Lie"

Maybe I'm the type of guy, that you've been running
from all your life
From one problem to the next, but we're in denial and
too selfish
To give the room to find someone that will treat you
better than I
No I, have done,
I'm not the right medicine for you in your sickness
I wish I knew better
We can see it from here
That It's already your failure

You can feel it's not gonna work,
But you keep tryin' and tryin' it
Until it hurts
You can tell, it's not meant to be
But you keep lyin' and lyin'
Until you believe

In the lie, in the lie, in the lie

Pretendin' and putting on is only the beginning of our
road
And maybe, maybe I am just the wedge to hold you
over from being alone
Kisses and hugs with love, no trust
We stuck in the middle, of just the two of us a suicidal
mission
When nobody has won, we both starring straight down
the barrel of the gun
Straight to my heart

You can feel it's not gonna work,
But you keep tryin' and tryin' it
Until it hurts
You can tell, it's not meant to be
But you keep lyin' and lyin'
Until You believe

In the lie, in the lie, in the lie

Tell me is it worth, (? didn't fall treasured ?)

If you know you wont find a thing
Tell me is it worth, expecting the worst
When you know the hurt, feel right that way

You can feel it's not gonna work,
But you keep tryin' and tryin' it
Until it hurts
You can tell, it's not meant to be
But you keep lyin' and lyin'
Until You believe

In the lie, in the lie, in the lie
The lie...
