Why you keeping me around  
I wanna escape from my shoes  
Baby leave the ground  
Shut it just to never be found  
Can't help to think about  
How free I will be if I got away from here  
Sometimes I wonder if you love me or just love to be

Torturing my heart  
Cause I'm not made of diamond  
I'm made of steel  
I'm not invincible  
I'm wishing you can see how it feels  
Torturing my heart  
I kept on riding til I lost all 4 wheels  
Torturing torturing torturing... my heart
