Be a favor all with good intention
Never mind the destination
Drugs, guns, and anarchy
Blood, guns, and sodomy
Mutually your sure destruction
Backing down is not an option
Drugs, guns, and anarchy
Blood, guns, and sodomy
I hope you switch yourself

You gotta believe in me
I am everything (I am everything)
I am the final step you take to watch your sanity
You gotta believe in me
I am everything (I am everything)
I am the only one still left in your reality
You gotta believe, in me
You gotta believe, in me

You build your hole in far inside
Your perfect world must compromise
Drugs, guns, and anarchy
Blood, guns, and sodomy
You still don't know who the hell you are
You're only worried about the powers by your cutter
god
Drugs, guns, and anarchy
Blood, guns, and sodomy
I hope you switch yourself

Tinsels hypocrisy, it's fading off of apathy
Above the surface all as well, dig a bed and go to hell
Just put a bullet in my head
How long you would been left off dead
Just shut your mouth and close your eyes
Reality's a lie

You gotta believe in me
I am everything (I am everything)
I am the final step you take to watch your sanity
