"I Hate"

Visit "[I Hate](#)" on MotoLyrics.com

You are the wind beneath my wings
The grin across my face
You are the fuel in my machine
That special place
You are the sunshine of my life
My first and only love
You are the apple of my eye
You suck my blood

I hate you more than life itself
I even hate you more than I hate myself
I hate, therefore I am
I am, therefore I hate

Another nail in my coffin
Another thorn in my side
Another gun to my temple
(Goodbye, goodbye)

You are the final destination
The calm before a storm
You are the wormwood in my absinthe
I died when you were born
(I died when you were born)
(I died when you were born)

I hate you more than life itself
I even hate you more than I hate myself
I hate you more than life itself
I even hate you more than I hate myself
I hate, therefore I am
I am, therefore I hate

You are the place were I find shelter
Left out in the cold
You are the hell in helter skelter
