All I can hear is my bloodflow
Why I'm still here, I really don't know
The road to Hell is paved with good intentions
But nothing here can come to my salvation

In the dark, there's an answer
Fade to black, and now remember
If I should fall from grace with God
It wouldn't mean a fuck at all
I travelled down that road before
All, dies

I never thought things could better
I never thought it would matter
If you could shut your mouth enough to listen
Then maybe you could find out what you're missin'

If you could see what I have seen
Stripped down to an animal
If you could feel what I have felt
Living here is terminal

If I should fall from grace with God
It wouldn't mean a fuck at all
I travelled down that road before
All, dies
If I should fall from grace with God
It wouldn't mean a fuck at all
I travelled down that road before
All, dies
All, dies
All, dies
