From dust to blood
Who wants to live forever
From blood to dust
Eternity is now or never

I've been waiting for a long time baby
I've been waiting for the world to

Burn, the churches
Burn, the bank
Burn, the precincts
Burn, the city hall
Burn, the court house
Burn, the schools
Burn, the prisons
Burn the shopping malls

Stone after stone
You build a road to nowhere
Mile after mile
The future isn't going anywhere

I've been waiting such a long time, baby
I've been waiting for the world to

Disrupting the orderly routine of life
Institution

Burn
Burn
Mother fucker burn
Burn
Burn
Mother fucker burn
Burn
Burn
Mother fucker burn
Burn
Burn Mother fucker
