I'm just a simple man
Searching for romance
Tell me could you be the one
See I don't ask for much
Just a simple touch
Baby you got it goin' on
I can't resist your smile
The thought of it just drives me wild
Baby take my hand
And someday I will be your man
Aw yeah yeah
Chorus:
Every time I see you baby
I can't help myself
I wanna touch you
Lemme touch you
Your sexy body baby
Really turns me on
I wanna touch you
Lemme touch you
Visions of your loveliness
Brings me happiness
Girl, I think that I'm in love
And when the felling is right
You will let me girl
Touch your body tonight
I can't resist your smile
The thought of it just drives me wild
Baby, take my hand
And someday I will be your man
Aw, yeah, yeah
Chorus 2Xs
You make me say, Ohhhh
Don't you hear my body's calling, Ohhhh
Let meeee...let me touch you
Let meeee...let me touch you, baby
(repeat 4Xs to fade)
