She was like "Why is this weird guy here?"
I don't know what to say
So everyone looks at me as I stand ashamed
So I went back home and asked myself "What's wrong
with you?"
I have no answer for myself.

So I said "I ain't perfect, I ain't number one"
And I got nowhere to run,
I am trapped in the dark
I am trapped in the dark

Now you're searching for me,
I ain't goin' back and I'm heading to hell

So I said "I ain't perfect, I ain't number one"
And I got nowhere to run,
I am trapped in the dark
I am trapped in the dark
