There was a time
When i was so alone
Nothing broke through
The walls
The walls that i created for me

Divine...

So i searched inside myself
For what i felt to be wrong
And i found that i was looking
For what i couldn't make happen
Anymore

Divine...

And the people all said to you
Watcha' doing here
Why cant you just keep on
Moving?
Well you say it all the time
You say it all the time
Sing it to me
Sing it to me like you mean it

Divine....
