

Skulker "Never Forget"

Visit "[Never Forget](#)" on MotoLyrics.com

never forget what you want
don't let people change your ways
always walk on your own road
the past is somewhere i'd like to stay
sometimes it seems easier that way
i'd better keep my eyes ahead

the sun it shines above the clouds
but here on earth the rain falls down
burn your bridges then they're gone
and you wonder why no one comes

never forget what's gone wrong
keep on the path that brings you home
always rise up with the day
the past is somewhere i'd like to remain
it seems easier that way
i'd better keep my eyes ahead
