I were to, make my way, you act like everything for me
I wonder if, you ever have beg for anything your tired
of
I tried to, to stay alive you sit back relax and wonder
why
Why should you pay and fade away, when you can get
it all for free.
I wanna know what's going on inside you head and you
mine,
How does it feel to stab your friends in the back time
after time.
Oohooohoo oohooohoo you're just a lala parasite
Oohooohoo oohooohoo I fucking hate you when you lie
Oohooohoo oohooohoo you're just a lala parasite,
someday you'll get what you deserve.

I tried to make ensweet why you just take the things
you want
When will you learn that I'm the one who ends up take
for your sheep thrill
I wanna know what's going on inside you head and you
mine,
How does it feel to stab your friends in the back time
after time.
Oohooohoo oohooohoo you're just a lala parasite
Oohooohoo oohooohoo I fucking hate you when you lie
Oohooohoo oohooohoo you're just a lala parasite,
someday you'll get what you deserve.
I wanna know what's going on inside you head and you
mine,
How does it feel to stab your friends in the back time
after time after time after time.
Oohooohoo oohooohoo you're just a lala parasite
Oohooohoo oohooohoo I fucking hate you when you lie
Oohooohoo oohooohoo you're just a lala parasite,
someday you'll get what you deserve
