i wanna love you like i never loved you tonight

if it's alright

i wanna tell you things i never said in my life

i'm gonna hold you when the sun refuses to shine

(yeah) i wanna show you that i'll always be by your side

(ooohhh)

when you call my name

and you need me there

girl you know that i will be waiting for you

when you close your eyes

and you see me there

don't you know that i will be waiting

i wanna kiss you like i'll never kissed you again

if it's ok

i can't imagine loving any other this way

(ohhh)

when you call my name

and you need me there

girl you know that i will be waiting for you

when you close ur eyes

and you see me there

don't you know that i will be waiting

when you call my name you need me there ohhh i will
be waiting

when you close your eyes and you see me there (i will
be waiting)

soo what you wanna do

i wanna wish for you (waiting for you)

i know your life of style

so why don't you stay awhile (ahhh)

and when you wanna choose

i'll wait for you

when you call my name

and you need me there

girl don't you know that

i will be waiting for you (waiting)

when you close your eyes

and you see me there

don't you know that i will be waiting

when you call my name (when you call me name)

and you need me there

girl you know that i will be waiting for u

when you close your eyes (whoaaa)

and you see me there

don't you know that i will be waiting

i put my name

when you'll be there

ohhh

you called my name baby

ohhh.. yeah yeah yeah
