This is so shockingly revealing
That this hole is finally healing
That you ripped through my chest
Too bad you were second best

Please stay awake
There's a few things left to say
Finish up the games you play
All alone

I think there's one thing you should know
Before I finally let u go
The thoughts of you have left my mind
From here on out, it's just a matter of time
There's still bruises on my cheek
From the kiss you tried leave
Is that your idea
Of what forever means

This is so shockingly revealing
That this hole is finally healing
That you ripped through my chest
Too bad you were second best
Take a look, a good look at my face
Like this is your last day
I'll send out your call for mayday

There's goes our picture burned in flames
Left with no guilt I hold this shame
I should have listened to my heart
I must be dreaming now
So go, make your move
Oh my god
You don't understand
How dead you are to me

Cuz I make my own mistakes

This is so shockingly revealing
That this hole is finally healing
That you ripped through my chest
Too bad you were second best

Take a look, a good look at my face
Like this is your last day
I'll send out your call for mayday

Your s.o.s. arrived to late

Be mine valentine?
What a liar you are
Be mine valentine?
What a liar you are

This is so shockingly revealing
That this hole is finally healing
That you ripped through my chest
Too bad you were second best
Take a look, a good look at my face
Like this is your last day
I'll send out your call for mayday
