I can't comprehend your love for me
I can't understand why you died for me
Died for me
Why you died for me
I still don't understand
My question begs sincerity
If i could please know why
Why you died for me
Died for me
Why you died for me
So i reach out to find myself a savior
Because i need you more than ever
So please don't let me go
Your love is never ending like the sky
So vast and wide
So i reach out to the background
You pick me up and say keep moving
You'll be there to catch me when i fall
And i fall so hard
