One silent night I dreamt about him
Were together holding up our hands
Talking while walking
Laughing with each other
And again gave a glimpsed and smile to me

He is my prince in that evening
In a castle filled of jewel
He knelt down and ask my answer
Will you be my princess?

Refrain:
I thought it was real
So I felt like I'm running
Out of love spend the night with you

Chorus:
I don't want to wake up
And think that's not true
I'll just keep on hoping
And wishing that someday
My dreams will come true
And will hold you tight
And I wont let you free to myself
Just to be with me

Repeat 2nd stanza
Repeat refrain
Repeat chorus 2x
