All around me strangers scurry -  
In a crowd but all alone.  
Got to hurry - pack my worries,  
Feel the arms that I call home.  
I am lonely - I am lost,  
Inside my private holocaust.  
Chorus:  
O' steel angel please carry me -  
Fly me to my love,  
From cold Earth far beneath me -  
To the Heavens high above.  
All aboard but flying so-low,  
(Chocks away) the engines start.  
Crossing oceans of emotion that circumnavigate my  
heart.  
Have you ever talked with someone,  
Not recalled a single word?  
The gentle rhythm of the humdrum,  
It was the only sound I heard.  
Why was I not so astute as to stow  
My dreams a parachute?  
Chorus:  
O' steel angel please carry me -  
Fly me to my love,  
From cold Earth far beneath me -  
To the Heavens high above.  
It seems they never sensed how time was passing,  
Deep in the silence and the cold.  
Sat living, breathing, drinking, laughing -  
While Death lay sleeping in the hold.  
Then my eyes beheld a vision,  
A beauty brighter than the stars.  
One single spark - and the ignition,  
Bathe my flesh and heal the scars.  
The hand that dared to touch god's knife,  
But 'Isle of Jura' - I love life.  
Chorus:  
O' steel angel please carry me -  
Fly me to my love,  
From cold Earth far beneath me -  
To the Heavens high above.
