Alas my love you say goodbye
Wipe the poison from my brow
Alas my love this guilty night
It gives me up like a foster child

And in this moment I take my vow
These angels sleepin' at my feet
And in this moment, you do not know how
My spirit wants to flee

You see it was one man against the night
Taking on a multitude that had left him high
And dry
No candle burning vigil could light the way
Darkness hit the ground, like a fallen, satellite

Swed on din do dey
He was the king of kings
Swed on din do do
He was the king of kings
Swed on din do oh
And you and I
Swed on din do oh
Bequeath the saber through his
Side, like that
One more time
It'll help
