You're standing right behind me  
I feel you breathing down my neck  
I try to catch you, but you're gone  
You whisper words that draw me  
Into your web of influence  
Your sweet illusion's like a song

You say my name  
Like I'm the only game in this town  
But just the same  
You know you gotta stop hangin' around

(chorus)

'Cause I'm carried away  
A full-on freak display  
I've got so much to say  
And you're never gonna get my crown  
No you're never gonna shut me down  
'Cause I'm carried away

You're such the fallen angel  
You're such the villain in disguise  
Tellin' dark and lovely lies  
I dove right into your ocean  
Tasted the salt of murky seas  
I've seen beyond your mysteries

And I'm to blame  
Thought I was the only game in this town  
But you're so vain  
That you're never gonna figure it out

(repeat chorus)

So carried away  
I'm carried away, so carried away

Sticks and stones from your lofty throne  
My soul's been set free

(repeat chorus)
