I don't want another country
I want to recognize intent
Of our forefathers when they wrote
Precisely what they meant

Taken on the form of Christian
But the power is denied
In God we trust only when we lust
For the apple of our eye

One nation under God
With morals out of proportion
An end result is murder
Under legalized abortion

Children can live without it
Who's gonna take it away?
Children can live without it
Maybe we'll learn someday
Oh, that we'll learn, I pray

A miracle of God
Now looked on as a choice
It's time for all His children
To unify a voice

With influence in our numbers
And power in our prayer
We must defend the children
And fight for what is fair

What appears to be an upset
Can change its ugly course
And we can do it all
Through Jesus Christ our Lord

Children can live without it
Who's gonna take it away?
(Who's gonna take it?)
Children can live without it
Maybe we'll learn someday
(Oh, may be we learn)

Oh, that we'll learn, I pray

(Oh, they can fight but they cannot win)
They can scream, but none will hear them
Don't you know that our conscience will die
(If we take away the freedom to survive?)

Children can live without it
Who's gonna take it away?
(Who's gonna take it?)
Children can live without it
Maybe we'll learn someday
(Oh, may be we learn)
Oh, that we'll learn, I pray
(Oh, that we pray)

Children can live without it
Who's gonna take it away?
(Who's gonna take it?)
Children can live without it
Maybe we'll learn someday
(Oh, may be we learn)
Oh, that we'll learn, I pray

Children can live without it
Who's gonna take it away?
(Who's gonna take it?)
Children can live without it
Maybe we'll learn someday
(Oh, may be we learn)
Oh, that we'll learn, I pray
