Haunted by a jaded past, never thought that love could last

Hope was but a castaway at sea

Skepticism took it's toll, closed the windows to my soul

Was fighting just to keep my sanity

When out of the noise I could hear you breathing

You came along knowing just what I needed

Turned me around and ya got me believin'

You would die for me

Now I'm fearless with nothing left to hide

All the doubts of yesterday, love has driven them away

And now I'm fearless when I am by your side

It's forever, me and you in this covenant of truth

Ya know I'm fearless, oh yeah

Patiently you stripped away the walls of pride that I had raised

You revealed the child inside of me, yeah

We will run and not grow old, soar on wings as I've been told

Together we will fly the heavenlies

'Cause out of the noise I could hear you breathing

You came along knowing just what I needed

Turned me around and ya got me believin'

I would die for you

Now I'm fearless with nothing left to hide

All the doubts of yesterday, love has driven them away

And now I'm fearless when I am by your side

It's forever, me and you in this covenant of truth

Ya know I'm fearless, oh yeah

Some of us leave the vine, some of us fall in line

All of us have a friend in Jesus

Some of us live in fear, some of us persevere

Knowing that you are near me

I am fearless with nothing left to hide

All the doubts of yesterday, love has driven them away

And now I'm fearless, my spirit is alive  
It's forever, me and you in this covenant of truth  
Ya know I'm fearless, oh yeah

Don't have to fear now  
Don't have to fear now, no no no no no no  
Don't have to fear now  
Don't have to fear now, no no no no no no  
No no no, don't have to fear now
