That's great, it starts with an earthquake,
Birds, snakes, and aeroplanes
You know I am not afraid.

Eye of a hurricane, listen to yourself churn
World serves its own needs, dummy serve your own
needs
Feed it like an aux feeds, grunt, no, strength, no
Ladder starts with a clattered gear found high
Wire in a fire represents a seven gauge
In a government rage

Chorus:

It's the end of the world as we know it
It's the end of the world as we know it
It's the end of the world as we know it and I feel fine

That's great, it starts with an earthquake,
Birds and snakes, and aeroplanes
Toby Mac has never, ever, ever been afraid

Eye of a hurricane, listen to yourself churn
World serves its own needs, dummy serve your own
needs
Feed it like an aux feeds, grunt, no, strength, no
Ladder starts with a clattered gear found high
Wire in a fire represents a seven gauge
In a government rage
