Somebody said you better let go  
'Cause they said so  
But I could never let this thing go  
Don't they even know what that means  
They call me obscene  
Say I wear my faith on my sleeve  
But I ain't here to seek no glory  
End of story, I know the judge and the jury  
People always gotta ask who, what, when, and why  
But never wanna step to the light

(chorus)

So I hear you say you wanna come and get some  
Should I mention I got your attention  
Know that I'm a man on a mission, my position is  
Momentum, baby  
Been on a roll for two thousand years or so  
We've got momentum, baby  
Been on a roll for two thousand years or so  
We've got, we've got momentum  
Been on a roll for two thousand years or so  
We've got momentum, baby  
Been on a roll, we've got the mo  
We've got the momentum for show

Livin' on the edge of obnoxious  
They call me raucous  
I'm a freak, I can't stop this  
Ardently enthused about God  
No hand-me-down nod  
You're gonna get all I got  
High-steppin' from the twenty on in  
Knees to my chin  
I'm rollin' deep in momentum  
Burnin' with the hard core flame  
No shame in this game  
I'm followin' my heart, not my brain

(repeat chorus)

We'll we've been on a roll  
Cause we got souls that won't die

And this party ain't over 'til we take flight  
You've been told that we come bold on this side  
You ain't never known the dilly 'til we testify  
Cause have you ever heard of turnin' water into wine  
And have you ever heard of givin' sight back to the  
blind  
It's undeniable we're droppin' the Truth on this track  
Cause once you start an avalanche there ain't no turnin'  
back

(repeat chorus x2)
