My name is Richard Morgan  
And I live next door to  
Where the Gotee's sit  
Well, I layed in the bed  
After I get eye operated on that day  
And I heard the drummer beatin' over next doo  
r And I asked my wife, I said,  
"Did you hear that noise over next door?"  
She said, "yeah"  
I said, "Well you won't hear it long 'Cause I'm gone stop  
it"  
So I got up, put my clothes on  
And I went over there and I beat on the door  
I had this patch over my eye and Toby stuck his head  
out 'round the shade  
And I told him to get hisself out here I wanted to see  
him  
And a man told me I'd have to  
Come over there with a baseball bat  
B ut I won't need no baseball bat  
To whip Toby if I have to wip him  
So he cut the noise out and  
So I come on back home and went to bed  
And slept the rest of the night  
They quieted down over there now  
And I never have no more trouble out of 'em  
Infact they're all good boys now  
So that's about all I know I guess
