It's okay, it's all right

It's okay, it's alright
Yeah, here we go
D C T is in the house, boy
It's okay, it's alright

Whatcha thinking doing the things you do?
Whose opinion are ya listening to?
Justifying, you turn it all to gray
Synchronizing to society's ways

Society has gotten to be all outta whack
And don't bother with excuses whether white or black
To blame it on a color won't get a result
Because history reveals to me how ethics were lost

In reality, our decency has taken a plunge
'In God We Trust' is an American pun
Funny how it happened so suddenly
Hey yo, fellas, kick the melody

Socially acceptable, it's okay, it's all right
Socially acceptable, it's okay, in whose sight?
Socially acceptable

Times are changing with morals in decay
Human rights have made the wrongs okay
Something's missing and if you're asking me
I think that something is the G O D, yeah

To label wrong or right by the people's sight
Is like going to a loser to ask advice
And by basing your plans on another man's way
Of living life, is creating a brand of ethics

Sure to be missing the punch
No count morals that are out to lunch
They're sliding away 'cause everything is okay
It was taboo back then but today ya say, "What the hey?"

Socially acceptable, it's okay, it's all right
Socially acceptable, it's okay, in whose sight?
Socially acceptable, it's okay, it's all right
Socially acceptable
Yeah, yeah, yeah

Now, here we go, here we go
A come on, a come on
Now, here we go, here we go
A come on, a come on

Now, here we go, here we go
A come on, a come on
Now, here we go, here we go
A come on, a come on

Everybody's doin' it
Who's doin' it?
Everybody's doin' it
Yo, who's doin' it?

Everybody's doin' it
Who's doin' it?
Everybody's doin' it
Yo, yo, yo, who's doin' it?

Oh, oh, woah, alright
Oh, oh, woah, come on

We gotta back to the principles found in the Word
A little G O D could be society's cure
From the state that we're in 'cause again we're slipping
So, pray for America 'cause time is ticking

Socially acceptable, it's okay, it's all right
Socially acceptable, it's okay, in whose sight?
Socially acceptable, it's okay, it's all right
Socially acceptable, it's okay, in whose sight?

Socially acceptable
Socially respectable
Socially acceptable
Socially respectable
