Say what you want, mean what you say
Remember the deepest seeds still find the light of day
Do as you please and be who you be
I'm telling you this thing's gonna bring you to your
knees, yeah

The truth is what we need
It is the end of mystery
You know the truth will set you free
(Truth will set you free)
The truth is out there, the truth is out there

I am living proof that the spirit moves
It's a Holy interceding absolute
Say what you want

Say what you want but you've got to believe
(Got to believe)
There's a dimension that eyes haven't seen
(Eyes haven't seen)
The secret is out and people are coming clean
(People are coming clean)

The truth is what we need
It is the end of mystery
You know the truth will set you free
(Truth will set you free)
The truth is out there

The truth is out there
(Our search is not in vain)
The truth is out there
(God has prepared a way)
The truth is out there
(To save the human race out there)
The truth is out there

Say what you want, but you've got to believe
There's a dimension that eyes haven't seen
The secret is out
And God knows I'm coming clean

The truth is what we need
It is the end of mystery
The truth will set you free

The truth is what we need
It is the end of mystery
You know the truth will set you free
(Truth will set you free)

The truth is out there
(Out there)
The truth is out there
(It's out there)
For you and me it's out there
(Out there)
I believe it's out there
(It's out there)

It's a conspiracy, you know that I believe
It's a conspiracy, you know that I believe
Rescue me, rescue me
Rescue me, rescue me
