I am Guybrush Threepwood.  
The only non-undead pirate to know the secrets of  
Monkey Island.  
Well, four secrets actually.

I am Guybrush Threepwood,  
And I have overstayed my welcome through many  
graphic adventures.  
I am Guybrush Threepwood,  
And I have come here to rid this island of deadly and  
murderous... clam?  
I am Guybrush Threepwood,  
And I don't have a drinking problem.  
I am Captain Threepwood,  
I've been to Monkey Island four times.  
Defeated the evil pirate LeChuck repeatedly.  
I uncovered the gates of hell,  
I destroyed an Australian land-developer and his  
ultimate insult.  
Discovered the worlds only talking monkey,  
And married the most beautiful governour in the world.  
And all before the age of 22.
