When he came out through the mist  
He was alone living on hope  
That he would find what he had searched for  
For all his time the answer of life

But no one cared for his question  
And they wouldn't dare to tell him why  
Didn't know that he had asked the forbidden question

He screamed for help, he begged for help  
He broke apart, he cried for himself  
He asked the women, he asked the men  
But no one could help him to get the answer

But as cried this helpless man  
This poor weak suffering man  
He heard a voice, words of wisdom

An inner voice?  
A voice from above?  
A voice from below?  
A voice from all around?

Sacrifice to get purified to realize  
How to get the answer  
Sacrifice to get purified to realize  
The meaning of life

Now when he had this important clue  
He asked for himself could it be true?  
A matter of faith, trust and belief  
At his inner mind how to achieve this height

This man had come to get the final answer  
The only matter now was time  
He had to make it before his sands of time ran out  
And he would soon find out

An inner voice?  
A voice from above?  
A voice from below?  
A voice from all around?

Sacrifice to get purified to realize  
How to get the answer  
Sacrifice to get purified to realize  
The meaning of life

The time was out and he had got the answer  
The meaning of life was to die
