Snowdreams, Snowdreams, it's my Destiny.

Snowdreams, it's my Life.

Snowdreams, it's my World.

Snowdreams...

Vision from Eclipse...

Ice Wind of the Night from Hyper Borea...

Like Wings of the Fate and Oblivion...

Voices from beyond of the Darkside...

The Eyes of the Shadows inside.

Vision from Eclipse of Godless.

Vision from the snow of soulless.

Bur I can see you! My alter Future!

I am the Lord of Northland!

Immortal!

I see my alter Past!

Hero of Snows!

Ice Emperor!

Immortal!

Flesh of Time covers Face of the Forgotten for us...

Moon dust on the surface of our Mind.

Only I remember everything...

In my sleep, in my dreams...

My Way, my Arian World, my Dark Throne!

I am golden - haired God, Emperor of Grey Clouds,

Immortal!

Old and New Hero!

Eternal reincarnation and transformation!

Eternal Way of Hero!
