Visit "[The Way Of Hero](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Cloudberry Spring came to our Land.  
Perun, Yarila and Svarog are returning to their Heaven  
Realm.  
On the Way of Heroes unholy enemy of South  
Mountains...  
Gods of the Sun with Fire Swords got off children of the  
Night.  
People are laughing. Power of Paganism is wan!  
We will drink hot honeys for Glory of Russian War  
Gods.  
Cloudberry Spring came to our Land.

And Ice Giants are dying, and Goddess of Winter her  
place,  
in the vain hope to return her youth...  
I believe... Cloudberry rainbow will rise on the Way of  
Hero.  
I believe... Power of Paganism is wan on the Way of  
Hero.  
I believe in the Russian Gods!  
I believe in the Russian Sky!
