Is It Cold In Here?
My Heart Don't Feel The Same Since California
If I Could Take The Year
I'd Sink It Like A Stone Into The Ocean
But I Would Keep You Here
And Never See Your Face The Way I Left Ya

All My Dreams Go Over My Head For You
All My Dreams Go Over My Head

Now I'm Only A Million Miles From You
And I'm Six Feet Higher Up Than I Should Be
Now I'm Under The Lights And Face To Face With You
Karma, Carry Me Away
Come And Carry Me Away From Here

My Heart Don't Feel The Same Since California

Could You Tie Me Down
And Throw Me Out To Sea In California?
It's A Deep Blu Dream
And Shallow Are The Waves Until They Own Ya
It's An Empty Breeze
Midnight On The Beach
I Think I'm Dyin'
But I'd Live For You To See
The Hole Inside Of Me
That I Keep Diggin'

All My Dreams Go Over My Head For You
All My Dreams Go Over My Head

Now I'm Only A Million Miles From You
And I'm Six Feet Higher Up Than I Should Be
Now I'm Under The Lights And Face To Face With You
Karma, Carry Me Away
Come And Carry Me Away

My Heart Don't Feel The Same Since California
