Is It Cold In Here?  
My Heart Don't Feel The Same Since California  
If I Could Take The Year  
I'd Sink It Like A Stone Into The Ocean  
But I Would Keep You Here  
And Never See Your Face The Way I Left Ya

All My Dreams Go Over My Head For You  
All My Dreams Go Over My Head

Now I'm Only A Million Miles From You  
And I'm Six Feet Higher Up Than I Should Be  
Now I'm Under The Lights And Face To Face With You  
Karma, Carry Me Away  
Come And Carry Me Away From Here

My Heart Don't Feel The Same Since California

Could You Tie Me Down  
And Throw Me Out To Sea In California?  
It's A Deep Blu Dream  
And Shallow Are The Waves Until They Own Ya  
It's An Empty Breeze  
Midnight On The Beach  
I Think I'm Dyin'  
But I'd Live For You To See  
The Hole Inside Of Me  
That I Keep Diggin'

All My Dreams Go Over My Head For You  
All My Dreams Go Over My Head

Now I'm Only A Million Miles From You  
And I'm Six Feet Higher Up Than I Should Be  
Now I'm Under The Lights And Face To Face With You  
Karma, Carry Me Away  
Come And Carry Me Away

My Heart Don't Feel The Same Since California
