I Want To Believe There's Nothing Wrong
Can It Be That Feeling Has Come And Gone
Remember The Day It Touched Our Lives
And Took Us By The Hand
Now Here I Sit Beneath A Light
That Slowly Is Growing Dim

I Want To Believe In Something Strong
So Why Does It Seem I'm Somewhere
That I Don't Belong
Remember The Day You Touched My Heart
And Turned My World To Gold

Now Here I Sit Between What's Right
And I Have No Place To Go

I'm Moving On
I'm Drifting Far
I'm Losing Touch
With Who You Are
