Oh, I know, if you're ready for me, my hot rod's ready  
to burn  
An' I know, if you're waitin' for me, my engine's startin'  
to turn  
I've bin livin' on Platform Nine, travellin' thru'  
I've bin savin' my skin machine for you

Chorus

Look out Â... tonight Â... a-will be Â... a night to  
remember  
Look out Â... a-tonight Â... is a-gonna be Â... a night to  
remember  
Look out, yeah Â... look out, yeah

I know, if you're revvin' it up, my radiator will boil  
An' I know, if you get into gear, you need a better  
quality oil  
I've bin livin' on borrowed time, well overdue  
I've been savin' it all alone for you

Chorus

Look out Â... tonight Â... a-will be Â... a night to  
remember  
Look out Â... 'cos tonight's Â... gonna be Â... a night to  
remember  
Look out, yeah Â... look out, look out

Oh, I know, if you're ready for me, my engine's ready  
to burn, burn, burn  
I know, if you're ready for me, my hot rod's ready to  
turn

Chorus

Look out Â... tonight Â... is gonna be Â... a night to  
remember  
Look out Â... a-tonight Â... is gonna be Â... a night to  
remember  
Look out, yeah Â... for me, a night to remember  
Â... a night to remember, look out, yeah Â... look out,  
yeah
