Hold tight count to three, gotta stay close by me  
An' hold tight sing an' shout, just jump around about  
An' hold tight shut your eyes, girl you can idolise  
Aye-yey-yey-yey-yey, forget the other guys

Chorus

You'll never fall, each time you call, hold tight, hold  
tight  
hold tigh-igh-igh-igh-ight

Hold tight make me feel what you say is for real  
An' hold tight carousel no need to ring my bell  
An' hold tight we will fly, swingin' low swingin' high  
High-igh-igh-igh-igh, we're gonna reach the sky

Chorus

You'll never fall, each time we call, hold tight, hold tight  
hold tigh-igh-igh-igh-ight

Break

Hold tight count to three, gotta stay close by me  
An' hold tight sing an' shout, just jump around about  
An' hold tight shut your eyes, girl you can idolise  
Aye-yey-yey-yey-yey, forget the other guys

Chorus

You'll never fall, each time you call, hold tight, hold  
tight  
hold tigh-igh-igh-igh-ight
