I feel so fine, little girl now you're mine
Come let me hug ya, come let me kiss ya
Come let me see what I've been missing
'Cause I feel so good now, now that you've come back
home

You look, hmmm, so good, baby like I know you would
Come let me hug ya, come let me kiss ya
Come let me see what I've been missing
'Cause I feel so good, hmmm, now that you've come
back home

Yeah

Take it mama

Oh, oh, oh, oh, yeah

I feel so fine, little girl now you're mine
Come let me hug ya, come let me kiss ya
Come let me see what I've been missing
'Cause I feel so good now, now that you've come back
