You keep me straight, I'll keep you narrow,  
You get the magic that can chill me to the marrow,  
But I got something here for you  
It's big enough for two

Chorus

You want me, let's call it quits, let's call it quits  
Before we break a one another into bits  
Let's call a tie - let's call a tie  
Before we make a one another start to cry

You want me sweet, I want you pretty,  
You got some funny lines  
That make you sound so witty,  
But I got something here for you  
It's big enough for two

Chorus

R E P E A T

You get the why, I got the wherefore,  
You got me trapped hook line  
and sinker and so therefore,  
I still got something here for you  
It's big enough for two

Chorus

R E P E A T
