Lightning never strikes twice lightning never strikes twice

Lightning never strikes me twice in one place
From an electric cloud to an electric cloud
Lightning take me for a ride into space

Saw a fast fallen star I saw a fast fallen star
Saw the twisted candle melting away
Heard a rooster crow I heard a new day grow
Saw a sign that said way out in a maze

Chorus

Who did slip me de fin
I don't know where to begin to come down
Who did slip me de trip
It ain't hip I need a grip or I'll drown

From an eternity to an eternity
I crossed the universe and wanted to stay
Passed through infinite time I passed through infinite time
Saw creation from the opposite way

Chorus

Who did slip me de fin
I don't know where to begin to come down
Who did slip me de trip
It ain't hip I need a grip or I'll drown

Break

Lightning never strikes twice lightning never strikes twice

Lightning never strikes me twice in one place
And I drove in my car to catch a fast rising star
Many who are gonna sink without trace

Heard a rooster crow heard a new day grow
Saw the sign that said way out in a maze
From an eternity to an eternity
I was born again but still in a daze

Chorus
Who did slip me de fin
I don't know where to begin to come down
Who did slip me de trip
It ain't hip I need a grip or I'll drown

Chorus
Who did slip me de fin
I don't know where to begin to come down
Who did slip me de trip
It ain't hip I need a grip or I'll drown

Yeah

With echo to fade
Yeah yeah yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah yeah yeah
