Did you see us
We were there, standing there, with our arms in the air
Did you see us
Did you see us
We were there, standing still, and the temperature was
nil
Did you see us
Stood in a line
Dick took a shot and he got us
And he got us

Did you help us
Sympathize with us
Please help me
Pouk Hill is tall, always will be
Pouk Hill is older than you and me
Than you and me

You passed us by, not a second glance
Bluer than blue
We were froze' to the bone, couldn't wait to be home
In the firelight
We were warm there
As we sat by the fire, getting higher and higher
Really cruel there
Stood in a line
Dick took a shot and he got us
And he got us

Did you help us
Pretty size us
Please help me
Pouk Hill is tall, always will be
Pouk Hill is older than you and me
Than you and me
