Yeah she's hot
The girl is hot her heart's as cold as ice
She's got the lot she don't need no advice
A killer queen if she's not handled right
She's got a sting that'll last all night
The girl is hot don't you make no mistake
There ain't know time left for a second take
She moves around she's known in every place
You try it on she's laughing in your face
Red hot
She's looking for a big shot
Red hot
She's looking for a big shot
The girl is hot they call her vindaloo
Ready or not she's gonna boogaloo
A pretty thing and I ain't got no doubt
She'll chew you up and then she'll spit you out
I say red hot
She's looking for a big shot
The girl is red hot
She's looking for a big shot
Break
The girl is hot her heart's as cold as ice
She's got the lot and she don't need no advice
A killer queen if she's not handled right
She's got a sting that'll last all night
I said red hot
She's looking for a big shot
The girl is red hot
She's looking for a big shot
She's red hot red hot
She's looking for a big shot
The girl is red hot red hot red hot
She's looking for a big shot
She's red she's hot she's hotter than hot
She's hot she's hot she's hotter than hot
She's hot she's hot she's hotter than hot
She's red hot and red hot and red hot
