See us here see us there  
Pick us out anywhere  
Take a look we're everywhere  
So what makes you stop and stare  
Look at that there  
Their eyes bare to the ground  
Try to see their way around  
Don't try to confuse them  
Take our time take a care  
Don't break our hold from anywhere  
Ain't got time to shed a tear  
What we want we'll take from here  
Look at that there  
Their eyes bare to the ground  
Want it all to move around  
You dare not accuse me  
We'll never get a chance to be left alone  
This way heh heh  
Never get a chance to be left alone  
Cannot get it through that I'm on my own  
See us here see us there  
Pick us out anywhere  
You can see us everywhere  
So what makes you stop and stare  
Look at that there  
Their eyes bare to the ground  
Want to see my way around  
Don't try to accuse me
