That painted lady  
That satin doll  
That lazy shady walk that makes her look like a moll

Dressed up in diamonds  
She won't take no less  
Guess someone must have poured her into that dress

Chorus  
She's got the lot what she's got's all her own  
She's got so much that she can leave some at home  
She won't come in unless she knows she's invited  
Her feel her smell her touch just gets me oh so excited

That wild aroma  
Paris perfume  
It just takes over when she walks in the room

Won't get neglected  
She don't get no chance  
Don't feel rejected if she refuses to dance

Chorus  
She's got the lot and what she's got's all her own  
She's got so much that she can leave some at home  
She won't come in unless she knows she's invited  
Her feel her smell her touch just gets me oh so excited

Break

That chic cheeky lady  
She's gonna get what she picks  
She can wear you out and she can milk you dry with  
them tricks

That wiley styley lady  
With sophisticated quips  
She can eat you up and she can spit you out with them  
lips

Chorus  
She's got the lot what she's got's all her own

She's got so much that she can leave some at home  
She won't come in unless she knows she's invited  
Her feel her smell her touch just gets me oh so excited
