Mondays there's been some change in my life  
A supersonic return flight, it's a sing of the times.

Mondays we've seen a man up on the moon  
The 21st century is coming soon, it's a sing of the times.

Chorus

Turn on your radio, turn on TV8F on your stereo  
Turn on a TV show, in multi-colour 65 video  
It's up a TV times, it's up a radio times

Mondays beware big brother In 84  
Test tube bad share being born, it's a sing of the times.

Laser days we leave the 70's far behind  
Close encounters of every kind, it's a sing of the times.

Chorus

Turn on your radio, turn on TV8F on your stereo  
Turn on a TV show, in multi-colour 65 video  
It's a computer age, now it's the silicon place

Returning to base from day a day out in space well be  
easy  
I know

And when all say and done half way up to the sun  
Well be all system go, say hello to the monkeys

Chorus

it's a sing of the times.  
it's a sing of the times.  
it's a sing of the times.  
it's a sing of the times.
