"So Far So Good"

Visit "[So Far So Good](#)" on MotoLyrics.com

For twenty odd years I've taken everything that's bad
For twenty odd years I've wanted things I've never had
oh was it all in the mind?
Is it living the life of a King making the best out of
everything

Chorus

So far, so good doing what we could
taking chances, those chances, and I'm alive
So far, so good doing what we should
taking chances, those chances, and I'm alive

For twenty odd years I've been working hard to have
my say
And now that it's here the fantasy has worn away
oh was it all in the mind?
Is it living on Paradise Row making the best out of
having a go

oh was it all..
