Deep in the shadows of twilight  
I heard an old melody  
Calling me back to the place where I'm longing to be  
Then when the stars come up gleaming  
Here in the still of the night  
Voices like angels are calling me back to your side

Chorus.

Take me home across the river  
Take me home across the sea  
Take me home across the ocean  
Where she's waiting there for me

Harmonica solo

Deep in the shadows of twilight  
I heard an old melody  
Calling me back to the place where I'm longing to be

Take me home across the river  
Take me home across the sea  
Take me home across the ocean  
Where she's waiting there for me

Take me home  
Take me home  
Take me home  
Where she's waiting there for me
