Have you ever been lost in love, when you were  
seventeen  
Have you ever had a dirty thought, an' tried to keep  
'em clean  
Did you ever have days like these, spend it on the job  
Have you ever been lost in love, gone runnin' with the  
mob Â... runnin' with the mob

Chorus

There are so many reasons, you keep on wantin' more  
You're a friend in the bad times, that's what friends are  
for Â... woh

Have you ever been lost in love, I never would have  
guessed  
They tell me you're a big boy now, well an' truly blessed  
Did she ever go overboard, keep the wolf at bay  
Have you ever been lost in love, it happens every day  
Â... happens every day

Chorus

There are so many reasons, you keep on wantin' more  
You're a friend in the bad times, that's what friends are  
for Â... yeah, yeah

Chorus

There are so many reasons, you keep on wantin' more  
You're a friend in the bad times, that's what friends are  
for

Chorus

There are so many reasons, you keep on wantin' more  
You're a friend in the bad times, that's what friends are  
for Â... woh, yeah
