Coming over to bend your ear
Till deaf do us part
Till deaf do us part
Are you hearing it loud and clear
Till deaf do us part
Till deaf do us part
Keep a rocking when times are tough
Let me know when you've had enough
Hanging from the ceiling
The balconies are starting to shake
Coming over to slaughter you
Till deaf do us part
Till deaf do us part
Do you want us to torture you
Till deaf do us part
Till deaf do us part
Are you feeling the frequency
All the speed and the energy
Riding on their shoulders
The heavy boys are taking the strain
We'll turn it up
If you just specify
Reach for the power
If you want it we'll supply
Till deaf do us part
Till deaf do us part
Till deaf do us part
Looking forward to wipe you out
Till deaf do us part
Till deaf do us part
Are you feeling the force and clout
Till deaf do us part
Till deaf do us part
When you're aching and cracking up
Let me know when you've had enough
Hanging from the ceiling
The balconies are shaking
There's a hurricane are coming
And the windowpanes are starting to break
Till deaf do us part
Till deaf do us part
Till deaf do us part
