With the lights out
We'll be sitting pretty
Scream a pitiful scream
With the lights out
We'll be warm and willing
Better watch where I lean

When you gaze into a crystal ball
You'll see nothings gonna change at all
You'll see nothings gonna happen over night
so please

Chorus
When the lights are out
When I hear you sigh
Let me feel your warm breath on my neck
It makes me hit the sky
(repeat)

With a whisper
You can bowl me over
Blow a beautiful blow
With an answer
You can turn me under
Wind up ready to go
When you gaze into a crystal ball
You'll see nothings gonna change at all
You'll see nothings gonna happen over night
so please

Chorus
When the lights are out
When I hear you sigh
Let me feel your warm breath on my neck
It makes me hit the sky
(repeat)

When you gaze into a crystal ball
You'll see nothings gonna change at all
You'll see nothings gonna happen over night
so please

Chorus
(repeat)
