Don't ask me what your life is for
Look around and you'll hear it
What you so faithfully ignore
Look around and you'll fear it

Here is a man in a Styrofoam cooler
But he cracks at extreme temperature

Styrofoam, so fake
Choking on the flavor of the day
Styrofoam amazed
Everything eventually decays

You can blame, then you believe
Look around and you'll hear them
It's only synchronicity
Look around and you'll fear it

Here is a man in a Styrofoam cooler
But he cracks at extreme temperature

Styrofoam, so fake

Choking on the flavor of the day
Styrofoam, amazed
Everyone eventually decays

How long, well how long, my God
Would I be, could I know what I am?
My shame is to wallow within my own
I would break all my vows for a chance to stop it

Styrofoam, so fake
Choking on the flavor of the day
Styrofoam, amazed
Everyone eventually decays

Styrofoamin', styrofoamin'
(Here is a man in a Styrofoam cooler)
Styrofoamin', yeah
(Here is a man in a Styrofoam cooler)

Styrofoamin', styrofoamin'
(Here is a man in a Styrofoam cooler)
Styrofoamin', yeah
(Here is a man in a Styrofoam cooler)

And then it's gone
