(written by: Slash / Eric Dover)

Now you've slipped away And found a place to stay
Who do I congratulate But I'm happy for you Where are
you today I sense that you're afraid And I don't know
what to do

I miss you, but what does it change This confusion
feels the same Forget you and let you leave But I'm still
thinkin' it through it's been the conflict between us
That's kept me from sinking before You drove me crazy
and I let you Come do it some more Put the past to bed,
we've done it before

Now we're back and forth again Can we help this
pointless thing Swingin' like a hinge To the place we
always meet

There's nothing to say Except loneliness is strange
Cause you wear the face That I never can leave And I
know you're gonna call Cause you know just where I'll
be Once you come and find me here I'll be happy for
me So happy to be Not alone anymore We've done it
before

Now we're back and forth again Can we help this
pointless thing Swingin' like a hinge To the place we
always meet

It's such a shame how little things Can change your
minds Don't just sit there filing your nails And passing
the time I can't let you bottle it up And take it too far
Carrying all of that weight Is the hardest part

Now we're back and forth again Can we help this
pointless thing Swingin' like a hinge To the place we
always meet Back and forth again Back and forth again
Back and forth again Back and forth again
